RPL and Credit Transfer Policy

1. PURPOSE

This policy has been developed to ensure compliance with standard of SNR 15.5 for NVR registered training organisations - regulated by the National VET Regulator; Australian Skills Quality Authority (ASQA). It also provides applicants with the opportunity to understand the RPL and Course Credit transfer process.

2. POLICY STATEMENT

Empower Institute (“EI”) will comply with the above mentioned standard via implementation of this policy.

3. DEFINITIONS

3.1 What is Credit Transfer

Credit Transfer is a process that takes into consideration students’ prior formal learning attained with a Registered Training Organisations or Higher Education Providers. In order for Credit Transfer to be considered, the applicant needs to provide evidence of completion of that formal learning in the form of an academic transcript, statement of attainment, academic history or testamur. EI will conduct assessment of the course/subject/unit of competence that the applicant provides against the destination course to determine the extent to which it is equivalent to the EI’s course. When a Credit Transfer application is successful, EI does not provide the student with a formal or nationally recognised outcome (i.e. an academic transcript or statement of attainment)

3.2 What is Recognition of Prior Learning (RPL)

Recognition of Prior Learning (RPL) is an assessment process that involves assessment of an individual’s formal, non-formal and informal learning to determine the extent to which that individual has achieved the required learning outcomes, competency outcomes, or standards for entry to and/or partial or total completion of a VET qualification.

3.3 Who Can Apply for RPL

Anyone wishing to undertake a whole course or individual units can apply for RPL. Based on evidence provided and informal training, an entire qualification may be granted through the recognition of prior learning process. In deciding whether a student may be granted credit for a unit, the following may be considered:

- Is prior learning relevant to the course?
- Is knowledge and skill current? (Some fields of study change so rapidly that a skill achieved in the past may no longer be relevant or acceptable).
- Is it transferable? A skill should be applicable to a number of settings and situations.
- Is it authentic? Students have to provide evidence or demonstrate that they have the knowledge and skill.
Policies and Procedures

- To confirm competence for appointment to workplace position, or to meet an award structure, licensing or regulatory authority

5. POLICY PRACTICE and PROCEDURE

5.1 Student Access and the RPL Procedure

EI offers all students the opportunity to apply for RPL (advance standing/credit transfer) on enrolment. Students are to indicate that they wish to apply for RPL on their EI Enrolment application. RPL information is published on the EI Website, Student Handbook and Staff Handbook. It is also explained to students during student orientation. The RPL process has been structured to minimise time and cost to student applicants, and provides adequate information for applicants to gather evidence to support their claim. This is achieved through RPL information contained in the RPL Kits.

The following outline the steps required to follow when an application for RPL has been made:
